The Hemp Revolution is Here!!

Hemp Nutrients Coming to Market!!

DaKine 420 is proud to be part of the evolution of the hemp industry and the impact that this plant can have on everyone's lives. We are excited to announce that our Mad Scientist has been working feverishly to develop the first tailor made nutrients for the booming hemp industry. Our double PHD has created these new products specifically for the needs of the hemp plant and to explode production for every hemp farm in the nation. With 35 years of experience in Big Agriculture the Mad Scientist uniquely formulated these products to be highly effective to give you the biggest yield at affordable prices.

All-Natural Sling Hemp Fertilizer

Easy to apply, this top dress natural fertilizer will give your soil what your plants need for the season and condition the soil for years to come. As a soy-based product the gas off rate is much slower than the traditional salts and includes micros and microbes! This will not only save time, labor and money but will also add microbial life to build on.

Ingredients:

Expelled & Extruded Soy, Soy Meal, Amino Acids, Trace Minerals (Micros),
2 Strains of Bacillus Bacteria, Endomycorrhiza

Pricing: Approx \$1.25 per pound

Application: 300-400 pounds per acre

**Available in totes, truckloads too*

Soluble Hemp Nutrient (20-20-20)

100% Soluble this nutrient is compatible with all irrigation systems! No plugged lines! This 20-20-20 blend is fortified with our quality Micros and Microbes (2 strains of Bacillus Bacteria & Endomycorrhiza) from the Mad Scientist that are resilient enough to withstand our nutrients and thrive. Supplement your farm as needed for vigorous growth throughout the season and watch them explode!

Pricing: Under 4 cents per gallon mixed, the more you buy the cheaper it gets!

**Available in 25lb bags up to totes & truckloads*

Trust the Mad Scientist!

You can't afford not to!

These products are going to hit the market any day so get your orders in now while supplies last!
